Dexion supports the Tenth Edition of the Egg Painting Contest

Dexion supported Rasnov's talented youth in their quest to develop their skills in the traditional art of egg painting.

The young participants from Rasnov's schools gave their best under the care and tutorship of their teachers and their guest mentors to create the most beautiful works of art on an eggshell, symbols of Easter and a call back to Romanian tradition.

With both new and returning contestants, this edition showed greater involvement and better results than ever.

Awards were presented for Creativity, Technique and for the most beautiful Easter Egg overall and were awarded to the participants by representatives of the organisers including Alice Stanescu.

Finance Director for Dexion and Lucian Cazacu, HR Manager for Dexion and longtime supporter of this event.
