Dexion® Speedlock MK3®

The original system is still available!

Dexion Speedlock MkIII pallet racking is designed and tested in accordance with the recommendations contained within the Storage Equipment Manufacturers Association (SEMA) Code of Practice for the Design of Static Racking.

Additional Dexion Speedlock MkIII parts are still widely available through our nationwide network of Approved Dexion Distributors for both repair works and extensions to existing pallet racking installations.

Today's components are manufactured to the same specifications and high quality as the original Dexion Speedlock MkIII racking.
