

Products Installation

Whatever the product you require Dexion will deliver it to you in perfect condition, on time.

Whether you need one bay of shelving or a complete system installation Dexion will ensure that its skills and resources are focused on meeting your requirements fully.

Dexion will always endeavour to ensure that;

- Products are delivered in accordance with agreed timescales
- All products arrive in excellent condition
- Where required products are installed by fully trained and experienced staff
- Installation takes place to agreed schedules
- Installation methods are documented and where appropriate agreed
- On completion the finished installed product is properly handed over with appropriate documentation to the end user
